

THE MARGARET EATON SCHOOL STUDENTS 1931-32.

### Placement of Graduates

Character, health, scholarship and capacity for growth are essential for success in the field of physical education as in any educational work. Graduates are urged to pursue further study after they have gained some experience. Responsibility for the selection and recommendation of candidates for specific positions which come direct to the school is carried by the secretary and the staff whether the position is for the summer or for the school year. To gain experience many students secure summer camp positions.

During the last ten years The Margaret Eaton School has granted its diploma in physical education to one hundred and fifty-three young women who have come from Newfoundland, the United States, and every province in Canada. In the Fall of 1931 eighty-eight graduates were teaching, six were studying, three were in physiotherapy, three in social service, three in other occupations, and fifty in private life. Of those gainfully employed 74% were in Canada, 21% in the United States, and 5% in foreign countries.

## GENERAL REGULATIONS

Parents and guardians when entering students in the school are understood to accept the terms and provisions of this prospectus and to be in sympathy with the regulations affecting student life.

All out-of-town students are required to live either in the School Residence, or with relatives in town. The school does not sanction the establishment of students in apartments or elsewhere unless a parent is presiding over such a household.

Students are required to wear the regulation costumes for both school and camp, information regarding which will be sent to each applicant.

Students may not take engagements for teaching or for the coaching or refereeing of games without the permission of the Director.

Students are required to have texts for practically all of the theory courses.

## ADMISSION REGULATIONS

Candidates for admission to the course must have acquired one of the following certificates:

Junior or Senior Matriculation according to the regulations of the Provincial Department of Education where the student writes his matriculation papers, provided 50% is received in every subject.

The equivalent of Junior Matriculation from foreign countries.

Ontario First Class Teacher's Certificate or its equivalent from other provinces.

The B.A. or B.Sc. degree.

Students who enter with the B.A. or B.Sc. degree may under certain circumstances plan a one-year course, such course not leading to the regular diploma.

Applicants are required to send in a doctor's certificate of physical fitness before an application can be formally accepted.

NOTE:—Students who enter the school after the fall of 1932 without Senior Matriculation must spend three years in order to qualify for the diploma.

## EXAMINATIONS AND DIPLOMA

Term examinations are held in each subject, the students being required to obtain a pass standing of 50%.

The Diploma will be awarded only to students obtaining a minimum of 50% in each subject, and of 60% on the total examining throughout the year.

An Honor Diploma is awarded to a student who obtains 75% in each subject.

The Gold Medal is awarded to the diploma student in the graduating class making the highest standing in practice and theory. The Gold Medal can only be awarded to a student who has taken the full two years' course at the school.
